

everlasting beauty **TechniStone®**

everlasting beauty **TechniStone[®]**

"Beauty is the only thing that time cannot harm. Philosophies fall away like sand, creeds follow one another, but what is beautiful is a joy for seasons, a possession for all eternity."

Oscar Wilde, poet

ART – The Beauty of Thought

Beautiful things come from beautiful ideas. We develop our own innovative materials, put our own ideas into the development of technology, we are not afraid to experiment. The development department is the studio and your visions are the hands that lead the brush to create a unique TechniStone® work.

PROGRESS – The material of the third millennium

Progress is an integral part of the human experience, its role unmistakable. With a new face to bring joy to you and your surroundings, functional and stylish, for a simpler life in modern times. The one you will search for yourself. Original, beautiful and timeless.

GENESIS – Work with the soul of nature

For many a stone slab is a symbol of long-lasting beauty that we want to pass on. We present a unique work in life that exceeds the limits of expectations, sets new trends, and takes on new directions. The work that will become your advantage.

IMPRESSION – Stunning experience

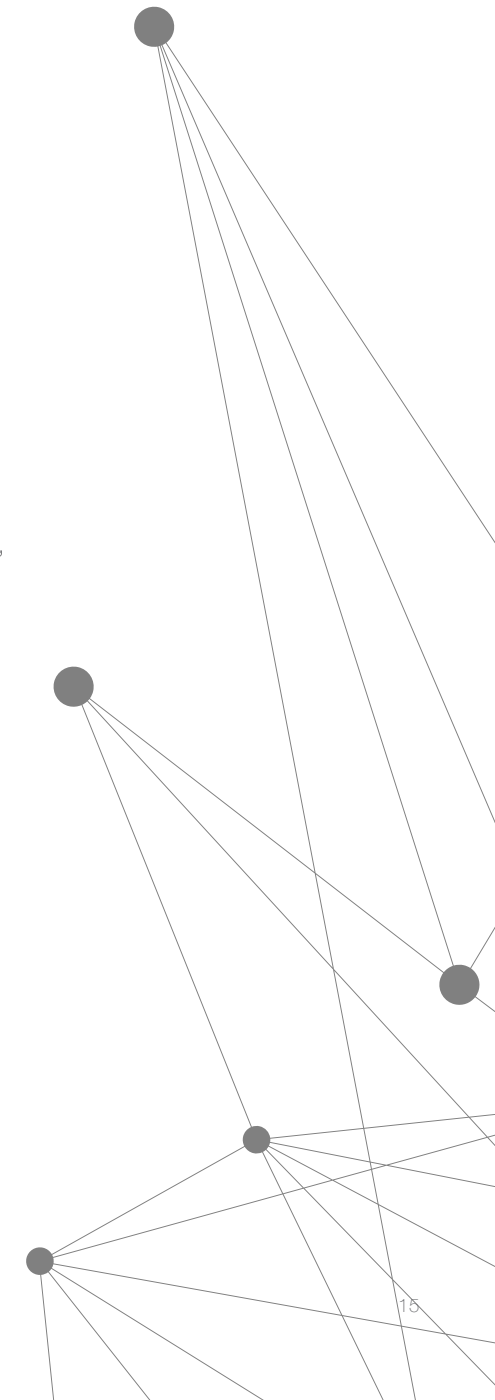

We look for new ideas, we are inspired by the best, and we test new solutions for you. Lines that will enchant you. Shades that will surprise you. We want to impress, astonish and give you what you want. We bring a dossier full of charming variations. Do not be afraid to open it.

"Products have to be designed in a way that they are comprehensible."

Dieter Rams, designer

PATH – At your fingertips

Exceptional things belong to exceptional places. We take pride in major projects around the world, as well as in small private projects. Boast the beauty of exceptional material, touch, let it flow under your feet. Be exceptional.

COMPANY WITH TRADITION

The construction of the Breton quartz manufacturing facility in the Czech Republic began in the early 1990s as one of four companies in the world. Technistone, a.s. works in accordance with the quality management system at all levels of production, research and leadership of the company.

HIDDEN BENEFITS

TechniStone® is not only a decoration for the interior, but a sophisticated solution to everyday worries. High resistance to water, stains, scratches, natural juices and bacteria are other benefits that make the material a beautiful material unique.

GENTLE PRODUCTION

The environment is not a question of individual activities, but a general approach to natural resources, air quality and our impact on the surroundings. Sustainability has been our number one priority for many years, we have demonstrated our resolve by obtaining a number of green certificates.

Certificate EN ISO 9001.

51 NF/ANSI Standard – material is suitable for food contact.

The product does not contain any volatile organic compounds. Certified by Tile Council of North America, Inc.

INDOOR ADVANTAGE GOLD BUILDING MATERIALS

Indoor Advantage Gold certification meets the strictest industry standards for Indoor Air Quality.

MINIMUM 70% RECYCLED CONTENT PRE-CONSUMER

Recycled content certification declares the content of recycled materials contained here in, are a minimum 20, 30, 40 and 70 % for selected products.

Health Product Declaration provide a full disclosure of the potential chemicals of concern in products by comparing product ingredients to a wide variety of „hazard“ lists published by government authorities and scientific associations.

Technistone is a member of The U.S. Green Building Council.

Technistone is a member of The World-Wide Agglomerated Stone Manufacturers Association.

Technistone is a member of The National Kitchen & Bathroom Association.

Produced with Italian Breton technology.

OPEN TO THE WORLD

The rich experience in producing quality products predestines a large distribution network not only in Europe, but around the world. The company successfully exports to more than 70 countries on 5 continents. Through our distributors, we are able to offer high quality customer service to meet local specifications.

CLOSE TO OUR CUSTOMERS

We communicate through social networks, offer online support via our website, participate in fairs, organize events for partners, continuously take care of relationships with long term partners, address and personally visit new ones. The customer and their satisfaction are the purpose of our work, the engine that drives us on the growing sales network. We want to be within reach wherever you need us..
